MUELLER STREAMLINE

A15504-400 | Pressure Relief Valve

Product-specific specification summary for AFR Refrigeration

Specification	Details
Manufacturer	Mueller Streamline
Manufacturer Part Number	A15504-400
Valve type	SAFETYMASTER straight-through pressure relief valve
Factory pressure setting	400 PSIG (approximately 27.6 bar)
Inlet connection	1/2 in NPTFE (male pipe thread)
Outlet connection	5/8 in flare
Overall length	107 mm (4.20 in)
Valve body material	Brass
Operating temperature (family)	-40°C to +149°C
